

SACRA/PROFANA

CHORAL EDUCATION AND OUTREACH

The SACRA/PROFANA Education Outreach programs strive to aid teachers and their students in the pursuit of knowledge and proficiency in music, discipline, focus, language skills, and community.

Residencies and workshops are available for all grade levels with a team of professional singers including: instruction in theory, vocal technique, choral singing, phrasing, and musicianship.

Seminars for high school can include SACRA/PROFANA's core professional chamber choir side-by-side with the school's choir.

Elementary-level presentations and sessions are available on the voice, music and singing.

SACRA/PROFANA's **SUMMER CHORAL INTENSIVE** is one of San Diego's most sought-after summer vocal programs for high school and middle school singers. A week of concentrated study is available to exceptional high school and middle school musicians, focusing on leadership, personal responsibility, and musical intelligence. Participants are selected on recommendation by a music educator.
